IREDA Q3 Results: Net profit jumps 37%, loan disbursements rise 32%

IREDA on January 9, 2026 announced its audited financial results for the quarter ended December 31, 2025 (Q3 FY 2025-26), reporting strong year-on-year growth in financial parameters.

Reinforcing its industry leadership, IREDA published its audited quarterly results within just 9 days—setting a benchmark for efficiency and transparency. The results were approved at the Board meeting held on January 9, 2026 at IREDA's registered office in New Delhi.

The quarter saw a healthy expansion in the loan book, higher revenue from operations and robust profitability, underlining IREDA's strategic effectiveness and operational resilience.

Key Financial Highlights – Q3 FY 2025-26 vs Q3 FY 2024-25 (Standalone):

- Profit After Tax:** ₹585 cr. vs ₹425 cr. (▲ 37%)
- Loan Disbursement:** ₹9,860 cr. vs ₹7,449 cr. (▲ 32%)
- Loan Book:** ₹87,975 cr. vs ₹68,960 cr. (▲ 28%)
- Net Worth:** ₹13,537 cr. vs ₹9,842 cr. (▲ 38%)
- Revenue from Operations:** ₹2,140 cr. vs ₹1,699 cr. (▲ 26%)

Commenting on the Q3 performance, Shri Pradip Kumar Das, CMD, IREDA, said: "IREDA's strong financial performance this quarter reflects our continued commitment to accelerating India's renewable energy transition. The growth in loan disbursements, net worth and profitability underscores the trust placed in IREDA by our stakeholders. We remain dedicated to supporting the nation's clean energy goals through innovative financing and responsible growth."

He also conveyed his appreciation to Team IREDA for their dedicated efforts and expressed gratitude to the Hon'ble Union Minister for New & Renewable Energy; Hon'ble Minister of State for New & Renewable Energy; Secretary, MNRE; and the Board of Directors for their sustained guidance and support.

MNRE Secretary sets tone for IREDA's 2026 growth journey

IREDA on January 1, 2026, organised a New Year 2026 get-together for its employees at India Habitat Centre, New Delhi, marking the beginning of the year with a spirit of unity and renewed commitment. The event was graced by Shri Santosh Kumar Sarangi, Secretary, Ministry of New & Renewable Energy (MNRE); Shri J.V.N. Subramanyam, Joint Secretary, MNRE; Shri Pradip Kumar Das, CMD, IREDA; Dr. Bijay Kumar Mohanty, Director (Finance), IREDA; Shri Sanjay Kulshrestha, CMD, HUDCO; and other senior officials.

Addressing the gathering, Shri Santosh Kumar Sarangi emphasised on the importance of team building and nurturing young professionals to prepare them as future leaders. Highlighting IREDA's expanding role, he underscored the need to enhance financial support to MSMEs and under flagship initiatives such as PM Surya Ghar scheme and assured continued support from MNRE to IREDA in its growth journey.

Welcoming the Secretary and Joint Secretary, MNRE, Shri Pradip Kumar Das, CMD, IREDA, extended warm New Year greetings to all employees. In his address, he noted that IREDA's workforce has grown from 168 employees on January 1, 2025 to 227 employees in 2026, with women constituting around 23% of the total strength, significantly higher than the CPSEs average of 9.5%. The aforementioned growth has been achieved through qualitative corporate governance and financial discipline and the same approach will be continued to ensure sustainable growth.

Shri Das also highlighted IREDA's strong financial performance, with cumulative loan sanctions of ₹2,78,016 cr. cumulative disbursements of ₹1,80,988 cr. and a loan book of ₹87,975 cr. as on December 31, 2025 (provisional). He recalled key milestones including IREDA's highest-ever annual Profit After Tax of ₹1,699 cr. in FY 2024-25 and the international credit rating upgrade by S&P Global Ratings.

In his vote of thanks, Director (Finance), appreciated the employees for their spirit of teamwork and encouraged them to continue upholding high standards of governance and efficiency.

IREDA secures 'Excellent' rating for fifth consecutive year in MoU performance

IREDA has once again demonstrated its consistent performance excellence by securing an 'Excellent' rating in the Memorandum of Understanding (MoU) signed with the Ministry of New & Renewable Energy (MNRE) for FY 2024-25, achieving a commendable score of 96.42 out of 100.

This marks the fifth consecutive year that IREDA has received the prestigious 'Excellent' rating, underlining the organisation's sustained focus on operational efficiency, financial discipline and robust corporate governance. The continued high performance reflects the organisation's ability to maintain momentum amid an expanding mandate and evolving renewable energy landscape.

After receiving only 'Fair' rating with a score of 45.83 in the MoU evaluation for FY 2019-20, IREDA undertook comprehensive institutional reforms to strengthen its systems, processes and culture. This transformative journey enabled the organisation to elevate its standards, achieving consecutive 'Excellent' ratings thereafter and firmly establishing IREDA as the country's largest pure-play green NBFC.

Commenting on the achievement, Shri Pradip Kumar Das, CMD, IREDA, said, "Receiving the 'Excellent' rating for the fifth consecutive year is a matter of great pride for IREDA. This recognition is a testament to the dedication of our employees, confidence of our stakeholders, and the consistent guidance and support of the Government of India. We remain committed to strengthening India's clean energy ecosystem and accelerating the nation's green energy transition."

CMD, IREDA, also expressed his sincere gratitude to Shri Pralhad Joshi, Hon'ble Union Minister of New & Renewable Energy, Consumer Affairs and Food & Public Distribution; Shri Shripad Yesso Naik, Hon'ble Minister of State for Power and New & Renewable Energy; Shri Santosh Kumar Sarangi, Secretary, MNRE; and the Board of Directors for their continued encouragement, support and valuable guidance.

IREDA's subsidiary IGGEFIL sanctions its first international green energy loan

IREDA Global Green Energy Finance IFSC Ltd. (IGGEFIL), the wholly owned subsidiary of IREDA, approved the sanction of its first loan during the Board meeting held on January 16, 2026 in New Delhi. The milestone sanction of USD 22.5 million has been extended to Swarna Solar Limited (SSL) for developing a 100 MW Photovoltaic Solar Power Plant in the Serenje District of the Central Province of Zambia.

This first loan sanction marks a significant step for IGGEFIL as it begins to expand India's green financing footprint into international markets and support sustainable energy development globally.

Speaking on the occasion, Shri Pradip Kumar Das, CMD, IREDA and Chairman, IGGEFIL, said:

"This first loan sanction by IGGEFIL is a landmark for IREDA to emerge as a global catalyst for clean energy financing. Through our presence at GIFT City, we are leveraging competitive international capital to enable renewable energy development not only in India but also across the world. Supporting this solar project in Zambia reflects our commitment to fostering sustainable growth beyond national boundaries, aligned with Govt. of India's vision of global renewable energy leadership."

CMD, IREDA highlights India's Solar Leadership at World Economic Forum

Shri Pradip Kumar Das, CMD, IREDA, participated in a panel discussion at the World Economic Forum (WEF) Davos 2026 on January 21, 2026, on *“Scaling Solar Where It Matters: India’s Lessons on Rooftop, Agriculture and Decentralised Energy for the Global South.”* Earlier, Shri Pralhad Joshi, Hon’ble Union Minister for New and Renewable Energy, delivered the keynote address.

The session underscored India's global leadership in distributed solar and its growing relevance for emerging economies. He added that adopting decentralised renewable energy can enhance efficiency in the system thereby reducing the Govt. subsidies and AT&C losses, which can significantly bring down the costs and ensure the affordability.

Replying to a query during the discussion on risks associated with new and emerging renewable energy segments, Shri Das underlined that while emerging renewable energy segments are often viewed as challenging in terms of risk profiling, effective project design and prudent risk management can significantly de-risk these areas. This is evident from IREDA's exceptionally low cumulative write-off of just ₹149 cr. over its 38-plus years of operations, despite financing of approximately ₹1.8 lakh cr. since inception, reflecting the company's strong appraisal and monitoring systems.

He pointed out that IREDA finances 70-80% of project costs under Rooftop Solar and PM-KUSUM schemes in aggregator mode, significantly accelerating clean energy access across rural India.

Shri Das thanked Hon’ble Union Minister, Shri Pralhad Joshi for providing IREDA the World Economic Forum platform not only to showcase India's RE growth through a matured ecosystem, but also to highlight IREDA's key role in steering this transition in the country, which can serve as a valuable learning for others in their renewable energy journey. Citing Maharashtra's progress in agricultural solarisation, he stressed the need to build an enabling ecosystem that de-risks the sector and attracts patient global capital.

CMD, IREDA calls for integrated energy transition at India Energy Week 2026

Shri Pradip Kumar Das, CMD, IREDA, on January 28, 2026 participated in a roundtable on “Net Zero Emissions: Environmental, Economic and Social Implications – Role of Oil and Biofuels in the Transition” at India Energy Week 2026 in Goa.

Building on India’s rapid clean energy progress, Shri Das noted that scaling renewable energy alongside alternative and low-carbon fuels is already delivering substantial results. Programmes such as ethanol blending are cutting import dependence, lowering emissions and strengthening energy security, collectively steering the nation towards a Viksit Bharat.

He emphasised that this integrated approach aligns with India’s development-first pathway to Net Zero by 2070 and the commitment to install 500 GW of non-fossil fuel capacity by 2030. With India’s per capita electricity consumption still less than one-third of the global average, he stressed the need for a phased, realistic and growth-friendly transition.

Shri Das highlighted that oil and gas will continue to play a crucial transitional role in transport, petrochemicals and industry, ensuring energy security and price stability. He added, Biofuels, offer a scalable decarbonisation route using existing infrastructure while supporting rural livelihoods.

He underlined that India’s clean energy expansion represents one of the world’s largest nation-building opportunities, generating demand for engineers, financiers, data specialists and project managers. A just and affordable transition backed by reskilling and strong domestic manufacturing will be key to maximising societal benefits.

Shri Das in his conclusion stated, “Oil, gas and biofuels are not obstacles but enablers of a systematic transition. IREDA remains committed to ensuring that India’s climate ambition is supported by accessible and affordable green finance.”

CMD, IREDA also contributed to the CEO Roundtable on “Global Green Hydrogen and its Derivatives Offtake,” underscoring that scalable financing and coordinated policy support are imperative for developing India’s green hydrogen and ammonia markets at speed and scale. He stressed that speed and skill, backed by strong policy support, can enable India to emerge not only as a major green hydrogen manufacturing hub but also as a significant export hub.

Inclusive energy transition needs bankable solutions: CMD, IREDA at India Energy Week 2026

Shri Pradip Kumar Das, CMD, IREDA, on January 29, 2026 participated in two panel discussions at India Energy Week 2026 in Goa.

Speaking at the panel on *“Empowering Economic Policy with Energy Data: Steering India’s Growth towards Viksit Bharat”*, Shri Das said that Viksit Bharat will be built not on slogans, but on reliable data, realistic policy and patient capital. He noted that energy data today is not merely a technical input, but a strategic economic instrument that guides investment, pricing and policy choices.

Highlighting IREDA’s approach, he said the institution ensures capital flows not only to large infrastructure projects but also to decentralised and community-level solutions, making the transition inclusive, durable and sustainable. He added, Institutions like IREDA translate India’s energy vision into bankable reality by aligning growth, sustainability and affordability.

At the panel on *“Startup Climate Technology Innovations: From R&D Margins to Market Mainstream”*, Shri Das outlined IREDA’s role in building a robust clean energy financial ecosystem. He said, IREDA was created not just as a lender, but as a sector-focused financial institution mandated to deepen markets and reduce the cost of capital for clean energy. Through long-tenor, sector-aligned debt, standardised appraisal frameworks and co-lending with banks, IREDA has helped scale mainstream renewables such as solar, wind and hydro, while supporting distributed segments like rooftop solar and PM-KUSUM in aggregator mode.

He further noted that IREDA has expanded from financing mature assets to enabling emerging sectors, including early support for pumped storage hydropower, and structured financing for green hydrogen and green ammonia projects linked to phased commissioning and evolving offtake arrangements.

IREDA Sports Day witnesses energetic participation from employees

IREDA organised Badminton, Table Tennis and Chess tournaments for its employees on January 17, 2026 as part of its Sports Day celebrations at Fortune World School, Noida. The event saw enthusiastic participation from employees across departments, encouraging team spirit, fitness and camaraderie.

Shri Pradip Kumar Das, CMD, Dr. Bijay Kumar Mohanty, Director (Finance), and Shri Ajay Kumar Sahani, Chief Vigilance Officer, graced the occasion and motivated participants with their presence. They also joined the games, inspiring employees with their energetic involvement.

CMD, IREDA highlighted the importance of maintaining a healthy work-life balance and remarked that sports play a vital role in building discipline, teamwork and mutual respect within the organisation.

The event concluded with an award ceremony where senior officers felicitated the winners.

The multi-sport tournament provided a vibrant platform for engagement beyond work and reinforced IREDA's commitment to fostering a motivated and collaborative workforce.

IREDA conducts preventive health check-up for all the employees

IREDA on January 10, 2026 organised a comprehensive Preventive Health Check-up Camp at its Registered Office and Business Centre in New Delhi for all the employees. The initiative aimed at promoting early diagnosis and health awareness, offering employees access to essential screenings and consultations with medical professionals.

The camp was inaugurated by Shri Pradip Kumar Das, CMD, IREDA, in the presence of Dr. Bijay Kumar Mohanty, Director (Finance) and senior officials. Employees across all levels, including contract staff participated enthusiastically, underscoring IREDA's inclusive and holistic approach to workplace well-being.

Speaking on the occasion, Shri Pradip Kumar Das, CMD, IREDA, said: "At IREDA, our people are our greatest strength. Ensuring their physical and mental well-being is a top priority for us. A healthy workforce drives productivity, enhances teamwork and strengthens the organisational ecosystem. Through initiatives like these, we aim to promote preventive care, encourage regular health check-ups and build a workplace environment where our employees can thrive, both professionally and personally."

The Preventive Health Check-up Camp is part of IREDA's ongoing efforts to foster a culture of health consciousness, proactive care and overall well-being among its employees.

PANEL DISCUSSION—IRED

At World Economic Forum Davos 2026, IREDA CMD PK Das joined a panel on "Scaling Solar Where It Matters: India's Lessons on Rooftop, Agriculture & Decentralized Energy for the Global South," following Union Minister Pralhad Joshi's keynote. The session highlighted India's distributed solar leadership for the Global South. Das noted decentralized renewables boost efficiency, cut subsidies and AT&C losses, lowering costs for affordability. On risks in emerging segments, he stressed effective design and risk management de-risk projects evidenced by IREDA's mere Rs.149 crore write-off against Rs.1.81 lakh crore financed over 38+ years.

इरेडा के सीएमडी ने वल्ड इकोनोमिक फोरम के दौरान सोलर सेक्टर में भारत की लीडरशिप पर डाली रोशनी

दावोस, 22 जनवरी, 2026:

इंडियन रीन्युएबल एनर्जी डेवलपमेन्ट एजेंसी लिमिटेड (इरेडा) के सीएमडी श्री प्रदीप कुमार दास ने वल्ड इकोनोमिक फोरम दावोस 2026 में आयोजित पैनल चर्चा "स्केलिंग सोलर बेयर इट मैटर्स: इंडियाज़ लैसन्स ऑन रूफटॉप, एग्रीकल्चर एंड डीसेंट्रलाइज़ एनर्जी फॉर द ग्लोबल साउथ" में हिस्सा लिया। इससे पहले केन्द्रीय नवीन एवं नवीकरणीय ऊर्जा मंत्री श्री प्रलहाद जोशी ने सभा को सम्बोधित किया।

नए एवं उभरते रीन्युएबल एनर्जी सेगमेन्ट से जुड़े जोखिमों पर चर्चा के दौरान एक सवाल का जवाब देते हुए श्री दास ने कहा कि उभरते रीन्युएबल एनर्जी सेगमेन्ट को अक्सर रिस्क प्रोफाइलिंग के

मामले में चुनौतीपूर्ण माना जाता है। हालांकि प्रोजेक्ट के प्रभावी डिज़ाइन एवं विवेकपूर्ण जोखिम प्रबन्धन द्वारा इस जोखिम को कम किया जा सकता है। यह इरेडा के 38 सालों के संचालन में मात्र ₹149 करोड़ के कुल राइट-ऑफ से स्पष्ट है, जबकि शुरुआत से अब तक लगभग ₹1.81 लाख करोड़ की फाइनेंसिंग की गई है, जो कंपनी के मजबूत मूल्यांकन और मॉनिटरिंग सिस्टम को दर्शाती है।

उन्होंने बताया कि इरेडा रूफटॉप सोलर और पीएम-कुसुम योजनाओं के तहत एग्रीगेटर मोड में परियोजना की लागत का 70-80 फीसदी फाइनेंस करती है, जिससे पूरे ग्रामीण भारत में स्वच्छ ऊर्जा की पहुंच बढ़ाने में मदद मिली है।

जामिया सौर परियोजना के लिए अंतर्राष्ट्रीय हरित ऋण को मंजूरी

एंडोर्से | नई दिल्ली

इरेडा ग्लोबल ग्रैन एनर्जी फाइंसर्स अईएफएससी लिमिटेड (आई जी जी ई ए एफ आई एल) जामिया में 100 मेगावाट की स्वच्छ ऊर्जा परियोजना के विकास के लिए स्वर्ण सोलर को 2.25 करोड़ डॉलर का हरित ऋण देगी। एक ब्यान में शनिवार को यह जानकारी दी गई।

आईजीईएफआईएल, सार्वजनिक क्षेत्र को कंपनी भारतीय नवीकरणीय ऊर्जा विकास एंजेंसी लिमिटेड (इरेडा) की पूर्ण स्वामित्व वाली सहायक कंपनी है। मूल कंपनी इरेडा ने ब्यान में कहा कि उसकी सहायक कंपनी ने शुक्रवार को नवी दिल्ली में आयोजित बोर्ड बैठक के दौरान अपने पहले अंतर्राष्ट्रीय ऋण को मंजूरी दी। ब्यान

में आगे कहा गया, 'जामिया के मध्य प्रांत के सेंटर्ज जिले में 100 मेगावाट के फोटोवोल्टिक सौर ऊर्जा संयंत्र को विकासित करने के लिए स्वर्ण सोलर लिमिटेड (एसएल) को 2.25 करोड़ डॉलर की ऋण स्वीकृति प्रदान की गई है।'

इरेडा के चेयरमैन एवं प्रबंध निदेशक (सीएमडी) प्रदीप कुमार दास ने कहा, 'आईजीईएफआईएल की यह पहली ऋण स्वीकृति इरेडा के लिए स्वच्छ ऊर्जा वित्तीयण के वैश्वक उत्प्रेरक के रूप में उभरने की दिशा में एक मील का पथर है। गिरफ्त सिटी में अपनी उपस्थिति के जरिये हम न केवल भारत में बल्कि दुनिया भर में नवीकरणीय ऊर्जा विकास को बढ़ावा देने के लिए प्रतिस्पर्धी अंतर्राष्ट्रीय पूर्जी का लाभ उठा रहे हैं।'

इरेडा को फिर उत्कृष्ट रेटिंग स्वच्छ ऊर्जा को मजबूती

नई दिल्ली, 09 जनवरी. कंदीय सार्वजनिक उपक्रम इंडियन रियूएवल एंजेंसी लिमिटेड (इरेडा) ने वित्त वर्ष 2024-25 के लिए नवीन और नवीकरणीय ऊर्जा मंत्रालय के साथ किये गये वार्षिक समझौते के कार्यान्वयन में पुनरुत्कृष्ट व्यूप्रदर्शन करते हुए 96.42 प्रतिशत अंक के साथ उत्कृष्ट रेटिंग हासिल की है।

इरेडा की शुक्रवार को जारी लगातार पांचवां साल है जब उसे उत्कृष्ट रेटिंग मिली है और यह संगठन की परिचालन दक्षता, वित्तीय अनुशासन और मजबूत संचान व्यवस्था पर लगातार

व्यान का परिणाम है। इरेडा के अध्यक्ष एवं प्रबंध निदेशक प्रदीप कुमार दास ने कहा, लगातार पांचवें साल उत्कृष्ट रेटिंग मिलना इरेडा के लिए बहुत गर्व की बात है। यह पहचान हमारे कर्मचारियों के समर्पण, हमारे हितधारकों के भरोसे और भारत सरकार के लगातार मार्गदर्शन और समर्थन का सबूत है। हम देश के स्वच्छ ऊर्जा पारिस्थितिकी तंत्र को मजबूत करने और देश के हरित ऊर्जा की तरफ प्रगति को तेज करने के लिए प्रतिबद्ध हैं।

The Statesman

IREDA secures 'Excellent' MoU rating for fifth consecutive year:

Indian Renewable Energy Development Agency Ltd. (IREDA) achieved an 'Excellent' rating in its MoU with the Ministry of New & Renewable Energy for FY 2024-25, scoring 96.42/100. This marks the fifth consecutive year of excellence, reflecting strong operational efficiency, financial discipline, and governance. After institutional reforms following a 'Fair' rating in FY 2019-20, IREDA has emerged as India's largest green NBFC, committed to accelerating the nation's renewable energy transition.

INDIA ENERGY WEEK 2026—IREDA

Pradip Kumar Das, CMD, IREDA, recently participated in a roundtable on "Net Zero Emissions: Environmental, Economic and Social Implications – Role of Oil and Biofuels in the Transition" at India Energy Week 2026 in Goa. Building on India's rapid clean energy progress, Das noted that scaling renewable energy alongside alternative and low-carbon fuels is already delivering substantial results. Programmes such as ethanol blending are cutting import dependence, lowering emissions and strengthening energy security, collectively steering the nation towards a Viksit Bharat. He emphasized that this integrated approach aligns with India's development-first pathway to Net Zero by 2070 and the commitment to install 500 GW of non-fossil fuel capacity by 2030.
